My activity in 4 words:

1. Business Development
2. Sales
3. Management
4. Lobbying

My background and what I can bring to the FBC services and activities:

With an engineering degree and MS, I have more than 15 years of experience in different industries. My knowledge in Business Management and Business development skills was built throughout my career with major French conglomerates such as COLAS, BOUYGUES and REEL. In 2015 I started IGIENAIR MIDDLE EAST in Dubai, and established it as a reference consultant for indoor air quality in the region. Having almost 7 years of experience of setting French companies in the UAE and participating in their growth, I would like to put this acquired knowhow at the service of the FBC and its members. Being loyal to the FBC for 7 years, I would like to promote their activities within the community. Developing the Franco-Emirati relationship and highlighting the French Excellence will be one my main focus. My Energy and networking skills which is my regular activity will be the key to succeed.

My added value in the Board:

Being an entrepreneur and setting up many French offices I will help orchestrate a synergy among our board members to carry the FBC mission. Key aspect to our success will be to lead, mentor and motivate our members and also strengthen our board ties to achieve our objective. I will work with the board member to provide a uniform vision and to establish effective communication protocols among our board members and the FBC team. Help out in effective time management in our meetings and riorities our initiatives. Bring in a high level of team spirit motivated to carry the board mission and expansion target to the fullest.

Why you should vote for me:

I would like to contribute to the upmost success of the FBC. My loyalty to the FBC will manifest itself once I am board in being the liaison for the FBC and it's members. I will bring enthusiasm and hard work.
