First Name Last Name Justine Dampit

Company Name SYP/ EAT BETTER Foods (Ex ENCAS)

My activity in 4 words:

Creating &
Democratizing
Plant-based
Foods

SYP. Eat Better
FOODS

My background and what I can bring to the FBC services and activities:

I've been an entrepreneur for the past 12 years. The French community, and the FBC in particular, were the first networks to support me when I launched my business here in the UAE. I intend to give back by sharing what I've learned over the past few years to fellow founders and business owners.

My added value in the Board:

My role on the board and as general secretary for the past 3 years has been to represent startups and SMEs. It's also my responsibility to give my point of view, as a business owner, on the general strategy and long-term vision for the FBC. For example, for the past few years I have been a member of a task force in charge of making the "FBC more business." We did this by creating dedicated account managers for members. I was involved with creating meaningful content for the F&B circle, and I worked this past summer on the launch of our new podcast. Finally, I am one of a small group of board members in charge of supporting Agnes and the team on HR & operational matters.

Why you should vote for me:

As you know, the FBC is financially independent from any French governmental authorities. In my view, the FBC is a small business whose mission is to serve our clients, which are you, our members. I'd like to carry on representing the SMEs of our community, continuing to support the permanent team and creating more content and networking to serve you better.
