My background and what I can bring to the FBC services and activities:

Building on 20+ years of experience & learning from Retailers & Brands, to teaching drama to hundreds of individuals a year & coaching Corporate Teams from Sales Professionals to Top Management, I made my mission to help people develop their skills, competencies and passions to become the best version of themselves and achieve their goals in a seamless approach. I started my career with the biggest Retailers (Carrefour International & PPR Fnac Darty) in various fields such as Procurement, Product Development and Management, I then developed my expertise within iconic Brands (DivX, Samsung, HP) as Sales, Business Development, Online, Product, Training, Teams Manager. We launched Culture Emulsion in 2014, by making the best use of my skills and passions.
